Appendix A5. Articles and Reports by LaRoux

1. "The Engineer: Citizen and Inventor," *Kansas Engineer,* Vol. XLIX, No. 3, March, 1965, pp. 18-20.

2. "Industrial Applications of Analog Computers," *Kansas Engineer,* Vol. XLIX, No. 4, May, 1965, pp. 18-20.

3. "A Graduate's View of Beta," *Kansas Engineer,* Vol. LI, No. 1, November, 1966, pp. 36-38.

4. "A Year with Student Chapter 1000," (a condensation of a speech made in Cincinnati, November, 1967), *ASTME Student Quarterly,* Vol. 3, No. 1, Spring, 1968, pp. 28-29.

5. "Pointing Your Young Engineers Toward Professionalism," *Professional Engineer,* November, 1969, pp. 14-17.

6. "Young Engineer Panelist at Portland Meeting Outlines Program for NSPE Younger Members," P*rofessional Engineer*, September, 1970, pp. 61-62.

7. "The Engineering Student in Civic, Society, and Health Problems," *Missouri Engineer*, February, 1971, pp. 5-9 (excerpts from a paper of similar title prepared for ASEE December, 1970).

   Summary in: "Professional Engineer: Situation Report,"
   Professional Engineer, May, 1971, p. 66.

8. Student Chapter Dynamics. (a compilation of working observations for student chapter management), published by the SME Region V, June, 1971, 52 pp.

9. Drilling Printed Circuits (final report)., prepared for the Bendix Corporation (Kansas City Division) under Process Development # EP 6984221, Report No. BDX-613-279, January, 1972,

10. "Demand for Engineering Technicians and Technologists in the Metropolitan Kansas City Area: 1970-1980," Proceedings of the Technical Manpower Outlook Conference and Study, October 15, 1971, (published by the Kansas City Chapters of Society of Manufacturing Engineers, Missouri Society of Professional Engineers, et. al.).

11. Proceedings of the Technical Manpower Outlook Conference and Study, October 15, 1971, published by the Kansas City Chapters of Society of Manufacturing Engineers, Missouri Society of Professional Engineers, et. al. (editor).

12. Machining Miniature Slots and Fillets, Final Report, Bendix Corporation Kansas City Division) Report No. BDX-613-576, January, 1972, 68 pp.

13. Bibliography: Machining Miniature Parts and Miniature Features, Report prepared for the Bendix Corporation (Kansas City Division) with the assistance of Ronald L. Dougherty, Report No. BDX-613-585, December, 1971, 29 pp.

14. Deburring - A Bibliography, Topical Report prepared for the Bendix Corporation (Kansas City Division), Report No. BDX-613-593, December, 1971, 32 pp.

15. "Young Engineers," *The Missouri Western Engineer,* Vol. 19, No. 4, December, 1971, pp. 3, 8, 9; No. 6, February, 1972, pp. 6-8.

16. "Drilling Printed Circuit Boards." Mechanical Products Quarterly, Bendix Corporation (Kansas City Division, Report No. BDX-613-603, February, 1972, 134 pp.

17. "Demand for Technical Personnel in Kansas City: A Case Study," *Engineering Education,* Vol. 62, No. 8, May, 1972, pp. 896-897.

18. "Vibratory Deburring", Bendix Technical Quarterly: Mechanical Products Engineering, Bendix Corporation, Kansas City Division, Report No. BDX-613-756, August 1972, pp 21-75.

19. The Formation and Properties of Machining Burrs, Master of Science Thesis, Manufacturing Engineering Department, Utah State University, Logan, Utah, 1973.

20. The Young Engineer: An Annotated Bibliography, Society of Manufacturing Engineers, February, 1973, 81 pp.

21. "Extrude Hone Deburring," Mechanical Technical Quarterly: Mechanical Products Engineering, Bendix Corporation (Kansas City Division), report No. BDX-613-891, May, 1973, pp. 21-51 (Larry H. Luebbert, coauthor).

22. Vibratory Deburring (final report) prepared for the Bendix Corporation (Kansas City Division) under Process Development #EP 6984390, report No. BDX-613-735, August, 1973, 117 pages.

23. Extrude Hone Deburring, Bendix Corporation (Kansas City Division) report No. BDX-613-948, August, 1973, Larry H. Luebbert, co-author).

24. Profile Milling, Bendix Corporation (Kansas City Division) Report BDX-613- March, 1974.

25. Brush Deburring of Miniature Parts, Bendix Corporation (Kansas City Division) Report BDX-613-1056, March, 1974.

26. The Effects of Reaming Variables on Burr Properties, Bendix Corporation Kansas City Division Report No. BDX-613-1083, March, 1974.

27. Properties of Burrs Produced by Ball Broaching, Bendix Corporation (Kansas City Division) Report No. BDX-613-1084, March, 1974.

28. "The Effect of Cutting Edge Radius on Poisson Burr Properties"' SME Paper MR74-990, 1974.

29. "State of the Art of General Deburring Methods," SME Paper MR74-116, 1974 (Nad Ajlouny, co-author); similar in General Deburring Methods and Techniques, Bendix Research Labs (Southfield, Michigan) Report BRL/TR-74-7061, March, 1974. Same in Deburring Capabilities and Limitations, SME, 1977 and in *Manufacturing Engineering Transactions,* Volume 4, 1975/1976.

30. "The Measurement of Burrs," SME Paper MR74-993, 1974; similar in Bendix Technical Quarterly: Mechanical Products Engineering, Bendix Corporation (Kansas City Division), Report BDX-613-1141, June, 1974, pp. 35-54.

31. "The Burr - Manufacturing's Perennial Thorn," SME Paper MR74-992, 1974; similar in Bendix Technical Quarterly: Mechanical Products Engineering, Bendix Corporation (Kansas City Division), Report BDX-613-1141, June, 1974, pp. 55-78; similar in "Deburring Requirements: A Closer Look," *Navmiro Manufacturing Technology Bulletin*, (Naval Material Industrial Resources Office - Philadelphia), No. 56, August, 1974.

32. Deburring: An Annotated Bibliography, Society of Manufacturing Engineers, June, 1974.

33. "Brush Deburring for Precision Miniature Parts," SME Paper MR74-994, 1974.

34. "Towards a Rational Approach to Deburring," SME Paper MR74-996, 1974. (Japanese translation in *Tool Engineer,* Vol. 19, No. 11, 1975, pp. 97-104).

35. The Burrs Produced by Drilling, Bendix Corporation (Kansas City Division), Report BDX-613-1248, December, 1975.

36. The Burrs Produced by Side Milling Cutters, Bendix Corporation (Kansas City Division) Report BDX-613-1303, August, 1975.

37. The Effect of Edge Angle on the Radius Produced by Vibratory Finishing, Bendix Corporation (Kansas City Division), Report BDX-613-1279, February, 1975.

38. "Effects of Measurement Technique and Experimental Design in the Analysis of Burrs," SME Paper MR75-985, 1975.

39. "An Overview of International Activities in Burr Prevention and Removal," SME Paper MR75-02, 1975.

40. "The Formation and Properties of Burrs," SME Paper MRR75-03, 1975.

41. "Deburring: An Annotated Bibliography, Volume II," Society of Manufacturing Engineers, April, 1975, Paper MRR75-04.

42. Skiving, Bendix Kansas City Division, Report BDX-613-1429, September, 1975 (Same in Bendix Technical Quarterly: Mechanical Products Engineering, Bendix Corporation Report BDX-613-1432, September, 1975)

43. "Recent Trends in Burr Technology," SME Paper MR75-833, September, 1975.

44. "Capabilities of Some Little Known Deburring Processes," SME Paper MRR 75-841, September 1975.

45. "A Quantitative Approach to Vibratory Deburring Effectiveness," SME Paper MRR 75-11, September 1975.

46. Hand Deburring Precision Miniature Parts, Bendix Kansas City Division, Report BDX-613-1443, October, 1975; same published by SME as paper number MRR77-08, 1977.

47. "Deburring Influences on Plating Adhesion," *Finishing Highlights,* September/October, 1975, pp. 26-27 (F. Clay, Co-author)

48. "The Formation and Properties of Machining Burrs," ASME Paper Number 75-PROD-J, 1975 (P. T. Blotter, co-author); also *Journal of Engineering For Industry (ASME Transactions, Series B)*, February 1976, pp. 66-74.

49. Economic Optimization Techniques Applicable to Precision Miniature Machining, Bendix Kansas City Division, Report BDX-613-1512, December, 1975.

50. The Burrs Produced by Grinding, Bendix Kansas City Division, Report BDX-613-1572, February, 1975.

51. Fixturing and Handling of Precision Miniature Parts, Bendix Kansas City Division, Report BDX-613-1482, February, 1976.

52. Extrude Hone Deburring With X-Base Media, Bendix Kansas City Division, Report BDX-613-1546, March 1976.

53. The Effects of Drilling Variables on Burr Properties, Bendix Kansas City Division, Report BDX-613-1502, March, 1976.

54. The Burrs Produced by End Milling, Bendix Kansas City Division, Report BDX-613-1503, April 1976.

55. “Machinability as Related to Precision Miniature Parts,” SME Paper MRR76-09, 1976.

56. Deburring by Centrifugal Barrel, Bendix Corporation (Kansas City Division) Report BDX-613-1559, June, 1976. Same report published as SME Paper MR77-12.

57. “Deburring: An Annotated Bibliography, Vol. III,” SME Paper MRR76-07, 1976.

58. Economic Trade-Offs in Deburring, Bendix Kansas City Division, Report BDX-613-1620, July, 1976; same published as SME Paper MRR76-17, 1976.

59. Deburring Capabilities for Precision Miniature Parts, Bendix Kansas City Division, Report BDX-613-1604, July, 1976; same published as SME Paper MRR76-16, 1976.

60. "What is Actual Cost of a Burr - I," *Abrasive Methods,* May/June, 1976, pp. 4-7; "What is Actual Cost of a Burr - II," *Abrasive Technology,* July/August, 1976, pp. 4-6; same less references published as "Burrs: How to Estimate Your Deburring Costs," *Machine and Tool Blue Book*, Aug., 1977, pp. 62-68.

61. "Improved Predictions of Burr Properties," SME Paper MRR76-10, 1976, (P. T. Blotter, co-author).

62. "The Effect of Product Geometry on Burr Size," SME Paper MR76-835, 1976.

63. Precision Deburring of Miniature Parts, Bendix Kansas City Division, Report BDX-613-1697, November, 1976.

64. "Annihilating the Burr," SME Paper MRR76-14, 1976.

65. A Guide to Deburring, Deflashing, and Trimming Equipment, Supplies and Services, SME Bibliography Series Report, 1976.

66. "Estimating the Size of Cutoff Projections," SME paper MRR77-01, 1977.

67. Machinability of Metals as Related to Precision Miniature Parts, Bendix, Kansas City Division, Report BDX-613-1723, February 1977; Same in *Bendix Technical Quarterly:Mechanical Products Engineering,* Bendix Kansas City Report BDX-613-1772, March, 1977.

68. "Control of Plantwide Deburring Costs," SME paper MRR77-05, March, 1977.

69. "Size Effects in Centrifugal Barrel Finishing", SME paper MRR77-07, 1977 (C. E. Roebuck, Co-author).

70. "Deburring Case Histories," SME paper MRR77-06, March 1977 (Arnold J. Monteiro, Coauthor).

71. "Deburring: An Annotated Bibliography, Vol. IV," SME paper MRR77-04, March 1977.

72. The Burrs Produced by Turning, Bendix Corporation (Kansas City Division) report BDX-613-1748, 1976.

73. Drilling Miniature Holes, Part I, Bendix, Kansas City Division Report, BDX-613-1785, April, 1977. Same in *Bendix Technical Quarterly: Mechanical Products Engineering*, Bendix Kansas City Report BDX-613-1821, June, 1977.

74. Drilling Miniature Holes, Part II, Bendix, Kansas City Division Report, BDX-613-1786, April, 1977. Same in *Bendix Technical Quarterly: Mechanical Products Engineering,* Bendix Kansas City Report BDX-613-1821, June, 1977.

75. Drilling Miniature Holes, Part III, Bendix, Kansas City Division Report, BDX-613-1787, April, 1977; same in Bendix Technical Quarterly: Mechanical Products Engineering Bendix Kansas City Report BDX-613-1681, September, 1977.

76. Effects of Deburring Contaminants on Electroplating Adhesion, Bendix, Kansas City Division Report, BDX-613-1757, April, 1977.

77. "An Extension of Proposed Definitions for Burrs and Related Edge Conditions," SME Paper MRR77-09, 1977.

78. "The Burr: A 1977 Report on the Technology of Reducing Its Cost," SME Paper MRR77-11, 1977.

79. "Needed Research on Burrs, Deburring, and Edge Finishing," SME paper MRR77-14.

80. "Side Effects of Deburring Processes," SME Paper MRR77-17, 1977.

81. Electrochemical Machining Deep Through Holes in 304 Stainless Steel, Bendix Kansas City Division Report BDX-613-1948, January, 1978.

82. "Canada's $100-Million Thorn", *Canadian Machinery and Metalworking,* November, 1977, pp. 30-32, 70.

83. "Two Keys to Minimizing Burr Costs: Predicting Burr Size and Effective Standards," *Machine and Tool Blue Book*, March, 1978, pp. 116-129.

84. "How to Analyze Vibratory Deburring Costs," *Machine and Tool Blue Book,* May, 1978, pp. 108-114.

85. "Mechanized Deburring Machines - There's One for Every Need", *Machine and Tool Blue Book*, June, 1978, pp. 106-113.

86. "Hand Deburring: A Necessity That Can Be Improved", SME paper MRR78-03, 1978 (R. W. Johannesen and Jack L. McMillen, co-authors).

87. "Observations on Implementing Group Technology for Precision Miniature Parts", SME paper MRR78-05, 1978.

88. Hobbing Ratchet Wheels for Miniature Mechanisms, Bendix Kansas City Report BDX-613-1927 (Rev.), December, 1978. (R.B. Wetherill co-author).

89. "Barrel Tumbling: Is It Still Economical?" *Machine and Tool Blue Book,* September, 1978, pp. 126-135.

90. Hand Deburring Guide, Bendix Kansas City Report BDX-613-2089, September, 1978.

91. Tools Used for Hand Deburring, Bendix Kansas City Report BDX-613-2111, October, 1978.

92. "Hand Deburring: A Plague or the Most Economical Way?" *Machine and Tool Blue Book*, November 1978, pp.102-113.

93. "Deburring: An Annotated Bibliography, Volume V", SME paper MRR78-10, 1978.

94. "Deburring In Hard-To-Reach Areas A Headache? Try ECD, "*Machine and Tool Blue Book*, January 1979, pp.90-104.

95. "Give Your Deburring Problems the Brushoff," *Machine and Tool Blue Book*, April 1979, pp.107-117.

96. "Training for the Deburring of Precision Miniature Parts," SME paper MR79-501, 1979 (J. C. Bolinger, co-author).

97. Training Course Description for Deburring, Bendix K.C. Report BDX-613-2203, April 1979 (F. E. Dulin co-author).

98. Fabrication for Precision Mechanisms, Bendix Kansas City Report BDX-613-2197, July, 1979; Same in *Bendix Technical Quarterly:Mechanical Engineering,* Bendix Kansas City Report BDX-613-2242, June, 1979.

99. "Preventing Media-Lodging Problems," *American Machinist,* October, 1979, pp. 89-91.

100. "Deburring Precision Miniature Parts," *Precision Engineering,* Vol. 1, No. 4, October, 1979, pp. 189-198.

101. The Young Engineer: An Annotated Bibliography 1890-1978, ECPD Report EC47, 1979 (Available from ECPD/ABET (Accrediting Board for Engineering and Technology)

102. A Training Manual for Precision Hand Deburring, Part I, Bendix Kansas City Report BDX-613-2245, November, 1979.

103. "Deburring: An Annotated Bibliography: Volume VI," SME Paper MRR79-05, 1979.

104. "An Overview of Drilling Approaches for Holes Smaller Than 1 mm", SME Paper MRR79-06, 1979.

105. "The Use of Pseudo-Burrs in Deburring Studies", SME Paper MR79-980, 1979.

106. Precision Deburring Using N/C and Robot Equipment, Bendix Kansas City Report BDX-613-2431, February, 1980.

107. Analysis of Coincident Coordinate Measurement (CoCoM) in Production Applications, Bendix Kansas City Report BID-A029, February 1980.

108. Summary of "Third International Deburring and Surface Conditioning Conference," *Precision Engineering,* April 1980, p. 116.

109. "Microdrilled Holes: Production Capabilities and Approaches," *Machine and Tool Blue Book,* June, 1980, pp. 88-98.

110. "Metal Finishing Processes: Deburring," MAPEC Teaching Module, Purdue University, June, 1979.

111. "Design and Application Characteristics of Miniature Drills," *Machine and Tool Blue Book,* September, 1980, pp. 110-120.

112. Deburring: Technical Capabilities and Cost Effective Approaches, SME Certification Course, August, 1980; also published as Bendix Kansas City Reports Lessons 1 and 2: Report BDX-613-2284; Lessons 3 and 4: Report BDX-613-2373; Lessons 5 and 6: Report BDX-613-2382; Lessons 7 and 8: Report BDX-613- 2437, and Lessons 9 and 10: Report BDX-613-2421.

113. "Finishing Miniature and Subminiature Holes," *Machine and Tool Blue Book*, October, 1980, pp. 100-113.

114. "How to Tackle Miniature Threading," *Machine and Tool Blue Book*, November, 1980, pp. 110-119.

115. "The Whole New World of Miniature Technology," SME paper MRR80-12, 1980 (BDX-613-2277).

116. "Inspection of Holes 0.040 Inch and Smaller," SME paper MRR80-04, 1980.

117. "Deburring Small Intersecting Holes," SME paper MRR80-07, 1980.

118. Training Manual for Hand Deburring, Part 2, Bendix Kansas City Report BDX-613-2534, November, 1980.

119. "Tools, Tolerances and Techniques of Miniature Hole Measurement," *Machine and Tool Blue Book,* December, 1980, pp. 91-99.

120. Training Manual for Hand Deburring, Part 3, Bendix Kansas City Report BDX-613-2572, November, 1980.

121. Training Manual for Hand Deburring, Part 4, Bendix Kansas City Report BDX-613-2582, November, 1980.

122. Electrochemical Deburring, Bendix Kansas City Report BID-A034, November, 1980.

123. "Fixturing and Handling Those Small Parts," *Machine and Tool Blue Book*, February, 1981, pp. 84-95.

124. “Metal Finishing Processes: Surface Finish Improvements,” MAPEC Teaching Module, Purdue University, August 1981; same as Bendix report BDX-613-2578.

125. Visual Thread Quality for Precision Miniature Mechanisms, Bendix Kansas City Report BDX-613-2600, February, 1981.

126. Producing Miniature Threads, BDX-613-2608, February, 1981, J. M. Robb, co-author.

127. Training Manual for Hand Deburring, Part 4, Bendix Kansas City Report BDX-613-2582, June, 1981.

128. "Progress in the Battle with the Burr", SME paper MRR81-07, 1981 (also available from NTIS as Bendix Kansas City Report BDX-613-2306 and in *Research in Machine* [Kikai no Kenkyu: 33(11); 1279-1284(also paginated as 57-62 in that issue) in Japanese].

129. "End Milling Recommendations Based on Part Accuracy Needs", Bendix Kansas City Report BDX-613-2742 (available from NTIS), also available as SME paper MR82-946.

130. "The Management of Deburring", SME paper MRR82-04, 1982, also published as Bendix Kansas City Report BDX-613-2717 (available from NTIS), February, 1982.

131. "Drill Geometries for Miniature Holes", SME paper MRR81-1981 (also available from NTIS as Bendix Kansas City Report BDX-613-2623; also published in SME *Manufacturing Engineering Transactions,* 1982, pp. 68-92).

132. "Equipment for Drilling Miniature Holes", SME paper MRR82-01 1982 (also available from NTIS as Bendix Kansas City Report BDX-613-2664).

133. "Don't Overlook Electropolishing", *Machine and Tool Blue Book,* May 1982, pp. 72-84 (Jack Bolinger, co-author).

134. An Analysis of Electrochemical Deburring, Bendix Kansas City Report BDX-613-2818, September, 1982 (W. M. Moore, co-author).

135. The Academic Challenge of Burr Technology, SME paper MR85-XXX, 1985 (also available from NTIS as BDX-613-3151), January, 1985.

136. Deburring: An Annotated Bibliography, Vol. VII, Bendix Kansas City Report, BDX-613-2807, August, 1982; same as SME paper MRR84-06.

137. Robotic Deburring, Part 1: Preliminary Observations, Bendix Kansas City Report BDX-613-3060, February, 1984 (Topical Report).

138. Robotic Deburring: A Bibliography, Bendix Kansas City Report BDX-613-3317, July, 1985 (Topical Report).

139. "Surface and Edge Improvement, "*Tool and Manufacturing Engineer's Handbook*, 4th Edition, Vol. 3, pp. 15-2 through 15-25, 1985.

140. "Hand (Manual) Deburring, "*Tool and Manufacturing Engineer's Handbook*, 4th Edition, Vol. 3, pp. 16-1 through 16-9, 1985.

141. "Special-Purpose Machines and Robotic Deburring," *Tool and Manufacturing Engineer's Handbook,* 4th Edition, Vol. 3, pp. 16-49 through 16-63, 1985.

142. "Robotic Deburring", *Japan Society of Deburring and Surface Conditioning Technique Journal,* Vol. 3, No. 2, 1985, pp. 9-16 (411-418) [in Japanese].

143. "Designing Parts for Economical Deburring", Handbook of Production Design, McGraw Hill, New York, New York, 1985. Similar in *American Machinist*, November, 1985, pp. 125-129.

144. Robotic Deburring Handbook, Bendix Kansas City Report BDX-613-3378, August, 1986 (also SME, 1986).

145. Overview of Bendix Kansas City Division Robot Safety Efforts, Bendix Kansas City Division Report BDX-613-3221, July, 1985.

146. Strategic Systems Planning (SSP) Study Project Report, Bendix Kansas City Division Report BID-A628, February, 1986.

147. Observations on Technology's Impact on Education, Bendix Kansas City Report BDX-613-3198, January, 1985.

148. Manufacturing and the Manufacturing Engineer in the Year 2000, Bendix Kansas City Report KCD-613-4025, November 1988, (Same in *CAM-I Annual Proceedings*, 1988).

149. Manufacturing and the Manufacturing Engineer in the Year 2000, Bendix Kansas City Report KCD-613-4025 (Rev.), August 1989 (same in SME *Curricula 2000 Proceedings*, 1989.)

150. Quality Function Deployment As A Mechanism for Process Characterization and Control, Allied-Signal, Kansas City Division Report KCP-613-4276, July, 1990.

151. Deburring and Surface Finishing Technology: The Past Ten Years and Projections for the Next Ten Years, Allied-Signal, Kansas City Division report KCP-613-4276, also in *Proceedings of the Burr Edge and Surface Technology-Japan*, Nagoya, Japan, Oct. 24, 1990.

152. Shop Experiences with Fast Turn Around Production, *Proceedings of Machine Tool SUBWOG*, JOWOG 39B, Cardiff, Wales, October 5, 1992.

153. Standards for Burrs?, *Proceedings of Second International Salon for Precision Deburring and Surface Finishing*, Dairen-City, China, September 1992; also Allied-Signal Aerospace Company report KCP-613-4901, July 1992.

154. "MTA/SME Deburring Roundtable", SME; also Allied-Signal Aerospace Company report KCD-613-4965, July 1992.

155. "A Simple National Standard for Burr Conditions on Products," *Proceedings of the 1993 Deburring and Surface Conditioning Conference*, SME, 1993.

156. "Process Control for Burrs and Deburring," *Proceedings of the Third International Precision Finishing and Deburring Conference,* BEST-J, BEST-K and Korea Academy of Industrial Technology, Seoul, South Korea, November 1994.

157. "Standards for Burrs?" *Manufacturing Engineering*, November, 1995.

158. "State of the Art of Deburring in the U.S.", *Proceedings 4th International Conference on Precision Surface Finishing and Burr Technology,* Sept. 23/24, 1996, Bad Nauheim, Germany, Deburring Technology International, Kansas City, MO. (also published as report TR96-3, Deburring Technology International).

159. The Battle of the Burr: New Strategies and New Tricks, Technical Report TR96-1, published by Deburring Technology International, Kansas City, MO, 18 pages, 1996 (Similar in *Manufacturing Engineering*, Feb, 1996).

160. The Battle of the Sheetmetal Burr: New Strategies and New Tricks, Technical Report TR96-2, published by Deburring Technology International, Kansas City, MO, 18 pages, 1996 (Portions published in *Forming and Fabrication*, April, 1996). 1996

161. Burr and Edge Technology: Introduction to Burr Standards, 4 pages, WBTC MS95-1.1996 (editor) [published by the Worldwide Burr Technology Committee/ Distributed by Deburring Technology International, Inc, Kansas City, MO].

162. Burr and Edge Terminology: Definitions, 22 pages, WBTC - STD 01.1996Draft 1996. (editor)
